NL

Theuns is een familiebedrijf van de **3de generatie**. Sinds **1934** maken we meubels uit **massief en finer eikenhout** — de massieve onderdelen vervaardigen we zelf, in ons atelier in **Essen, België**.

Maak kennis met onze collectie '**FIERA**'. De naam komt uit het **Esperanto** en betekent '**fier**'. Fiera heeft een **klassieke** uitstraling, met mooie **afgeronde stijlen** en **massieve kaderdeuren**. Het vervaardigen van dergelijke deuren vereist **vakmanschap** — dat we tot in het detail beheersen. Elk massief onderdeel wordt **handgeselecteerd op de nerf**.

L'entreprise familiale **Theuns** en est aujourd'hui à sa **3e génération**. Depuis **1934**, nous fabriquons des meubles en **chêne massif et plaqué** — les éléments massifs, nous les façonnons nous-mêmes, dans notre atelier à **Essen, en Belgique**.

Découvrez notre collection « **FIERA** ». Le nom vient de l'**espéranto** et signifie « **fier** ». Fiera a une allure **classique**, avec de jolis **montants arrondis** et des **portes à cadre massives**. La fabrication de ce type de portes demande un **savoir-faire** — que nous maîtrisons dans les moindres détails. Chaque élément massif est **sélectionné à la main selon le veinage**. **#madeinbelgium**

EN

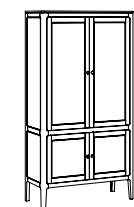

Theuns is a family business, now in its **3rd generation**. Since **1934**, we've made furniture from **solid and veneered oak** — the solid parts we craft ourselves, in our workshop in **Essen, Belgium**.

Meet our collection '**FIERA**'. The name comes from Esperanto and means '**proud**'. Fiera has a **classic** look, with elegant **rounded stiles** and **solid frame doors**. Making doors like these takes **craftsmanship** — one we've mastered down to the detail. Every solid part is **hand-selected for grain**.
